

**Love Match** produces condoms exclusively made from high quality natural rubber latex. Before leaving the factory, the condoms are electronically tested to ensure their integrity, their level of safety and resistency.

Both the anatomical shape and extraordinary elasticity allow for improved comfort and perfect fitting. They enhance sensitivity and give you the most natural pleasure and joy during sex. Easy and fast opening thanks to No Stress foil.

All of our condoms are dermatologically tested. Love Match is a branded series of high quality condoms conform to standard EN ISO 13485:2012 and certified by SGS - the world's leading inspection, verification, testing and certification company - according to the standard CE 0120 ●
